## Smallpox Vaccines Begin

President George W. Bush has ordered smallpox vaccinations for military personnel to begin because of concerns about possible bio-terrorist attacks. In the first stage of the smallpox vaccination program, Department of Defense smallpox response and hospital/clinic teams were vaccinated. The second stage mandates that all forces designated as mission critical, including deployed forces, forces stationed overseas, those expected to deploy and some emergency essential civilians and mission-essential

contractors be vaccinated. In the third stage, other U.S. forces will be vaccinated as required. For info visit [www.smallpox.army.mil](http://www.smallpox.army.mil), [www.bt.cdc.gov/agent/smallpox](http://www.bt.cdc.gov/agent/smallpox) or [www.vaccines.army.mil](http://www.vaccines.army.mil).

## Force Protection Travel Requirements

All Department of Defense military and civilian personnel must be briefed on force protection considerations that apply to their destinations and to the routes they plan to travel. Before leaving on any trip, always check government force protection Web sites for up-to-date travel advisories. These Web sites are [www.state.gov/travel](http://www.state.gov/travel) (criminal/travel advisories/warnings), [www.cdc.gov/travel](http://www.cdc.gov/travel) (types of diseases at that location) and [www.odcsops.hqusaureur.army.mil](http://www.odcsops.hqusaureur.army.mil) (FP page, threat levels by country).

## Save Tax On Imported Vehicles

U.S. personnel stationed overseas may import vehicles to the United States duty-free. This exemption means big savings if you can meet three conditions: take physical possession of the vehicle prior to shipment, have valid movement orders, and import the vehicle for personal use. Duty-free entry does not depend on the government paying to ship your vehicle. Most people who encounter problems fail to take physical possession of the vehicle before shipment. If the car is shipped directly from the factory, import duty taxes will be required. In addition to registering a vehicle is good, owners can prove possession by putting a copy of movement orders in the glove compartment. People on extended leave or temporary duty are

not entitled to the exemption. It is illegal to use the exemption to import vehicles for third parties or in order to sell them.

State taxes on imported vehicles can be high. Information on state taxes can be obtained from the state department of motor vehicles. Internet links to state DMVs can be found at <http://rmv.hqusareur.army.mil/newdmvs.htm>.

### **FSSA Eligibility Changes**

As a result of recent changes made by Congress, junior enlisted families may now be eligible for the Armed Forces' Family Subsistence Supplemental Allowance, which can provide non-taxable payments of up to \$500 monthly. For info call the Community and Family Support Center at Army Community Service at 430-4183/civ. 0711-630-4183.

### **Wrecked Cars Require Customs Form**

Prior to donating, selling or transferring tax-free personal property, such as a wrecked car, to a non-ID cardholder, service members need to remember to complete a "Permit to Transfer" (AE Form 550-175B) form. Completing the Permit to Transfer is necessary when U.S. service members, Department of Defense civilians and their dependents imported or bought the vehicle in a duty and tax-free status. It is essential for all U.S. personnel in Germany to get a permit to transfer before they sell or donate. Those who do not obtain the permit are often discovered when attempting to clear vehicle registration. German customs may also require you to prove what happened to the vehicle or pay the full tax due on it if you can't. More information on selling personal property in Germany is available online at [www.hqusareur.army.mil/opm/custom2.htm](http://www.hqusareur.army.mil/opm/custom2.htm) or by contacting the local military customs office.

### **Space-A Privileges To Expand**

The Assistant Deputy Undersecretary of Defense (Transportation Policy) has approved a one-year test to evaluate the expansion of Space Available privileges for dependents traveling within the Continental United States. The Department of Defense is going to conduct a test of the CONUS Space-A system beginning April 1.

During the trial period, dependents of active duty and retired uniformed service members will be allowed to travel Space-A with their sponsors within CONUS. Dependents must travel with the sponsor and will assume their sponsor's travel priority. Active duty members must be on leave to register for Space-A and remain on leave for the duration of travel.

### **Abandoned Vehicles On Kelley**

Owners of two abandoned vehicles parked in the Kelley Barracks parking lot across from buildings 3317 and 3318 need to contact Ty Stearn at 421-2322/civ. 0711-729-2322, or e-mail [stearnt@6asg.army.mil](mailto:stearnt@6asg.army.mil) and remove their vehicles immediately. The abandoned vehicles are: black Opel, chassis VFOBXXGAFBGU85050 and black VW Jetta, License LB XM-77, chassis VVWZZZ16ZDW438908.

### **Report Suspected Espionage Incidents**

Community members can help prevent subversion and espionage by guarding against the collection efforts of foreign intelligence services. Watch for those who attempt to gain information through threats, coercion, bribery or trickery. Report incidents by calling the Stuttgart Military Intelligence Office, 421-2206/civ. 0711-729-2206.

### **'Driving To Arrive' Form Now Online**

When U.S. Army, Europe, personnel notice someone driving in an unsafe manner or take note of a courteous driver, they now have an easy way to notify the command. Just click on the 'Driving to Arrive?' link on the right side of the USAREUR homepage at [www.hqusareur.army.mil](http://www.hqusareur.army.mil), and report observations, both good and bad. There is room to list a license plate and when and where an incident occurred. When users select 'submit,' the information is e-mailed to the USAREUR Safety Office. The new computer-based questionnaire is designed to help track driving habits throughout the command. The 'Drive to Arrive' program also lets our hosts know we take safety on their roads seriously. The data will be used to help commanders reward safe and courteous drivers and provide remedial drivers' safety training when necessary.

The Stuttgart military community has several emergency numbers. The German Red Cross (DRK) provides ambulance service to the Stuttgart military community; the Stuttgart Health Clinic has no ambulances. The DRK should only be used for genuine emergencies to prevent loss of life, limb or vision or to limit undue suffering.

If a true emergency exists on- or off-post, call the military police at 114/civ. 0711-680-114. This number is answered by the on-duty MP desk sergeant who will relay your request for ambulance service to the DRK.

You will be asked several questions by the desk sergeant. Be prepared to provide the patient's name, age, sex, nature of emergency, your telephone number and location, including installation, street, building, apartment and room number. Remain calm and stay on the line until you have answered all questions and hang up only after the sergeant does so.

Do not call or report to the Stuttgart Health Clinic for emergencies. They are not staffed or equipped to handle these situations. True emergencies, which may require ambulance service, include heart attack, poisoning, severe bleeding, unconsciousness, and difficulty in breathing or severe injury to the head or torso.
